caught a bass some time since at Alderson that measured sixteen inches and weighed two pounds and four ounces.

The new opera house is nearing completion. In fact the managers are expecting to have their opening next week, but whether everything will be in readiness or not by that time is not certain. Messrs. Tilton and Alexander have changed their plans to some extent. Instead of fitting up a room merely as a room suitable for an electric theater they have made a first-class opera house out of it. The room is 26x54 feet with stage room of 16 x26 feet in addition. It will seat about 350 people. Seats are provided for in the dress circle for 250 and in the gallery for 100. This will be ample for the average Marlinton audience at the present time. Instead of the usual drop curtains and scenery found in opera houses in the smaller towns this will be provided with raise curtains and scenes. The room will be fitted with regular opera chairs, electric lights and electric fans. Arrangements are now being made with one of the large vaudeville circuits and good first-class shows may be looked for in the course of the next few weeks. If the undertaking proves a success the managers will build a theater next summer that will accommodate the best shows now on the road.

Most Remarkable Lady.

Miss Dot Ford, who is to appear at the Grand Opera House next week, is without doubt the most remarkable lady in the world, insomuch as she possesses the peculiar ability to escape from any and all handcuffs, shackles, leg irons, manacles, straight jackets and even prison cells. Appearing in conjunction with her brother Don Ford they will present many sensational mysteries each night including "Transposition," a packing box mystery.

They carry an excellent company of vaudeville acts supporting their mystifying performance, including the latest and best moving pictures and illustrated songs.

Don't fail to see this remarkable company, positively the only time here this season.

Roger-Grilley Recitals.

A large crowd witnessed the second number of the Marlinton Lecture Course, the Roger-Grilley Recitals.

The popularity of this course is increasing with every entertainment as shown by the large increase in the crowd attending the Roger-Grilley Recitals last Thursday night and the treat given by the management to the children of Marlinton and vicinity was taken advantage of by over one hundred children who were all highly pleased with the performance.

The Musical Four the third number of the Lecture Course will be here on the 9th of February, this is followed by the Dudley Buck Company on March 2nd and Dr. Edward Amherst Ott on April 26th. These numbers are very fine, all bearing a National reputation, and the management expects to book a similar course next year and is especially desirous that all people in Marlinton and vicinity should attend one or more numbers of the course this season.

Mr. Edward K.. Marcum, Musical Director and Baritone Soloist, of the Dudley Buck Company which appears at the Opera House Thursday night, March 2nd, has had a thorough musical training. He was a piano pupil for several years of Mme. Schiller. Dr. Garrett Smith and Mr. Walter Hall were his instructors on the organ, and Mr. Marcum now occupies the position of organist in a prominent Fifth Avenue church. His vocal training has been under the leading New York teachers and he possesses a rich powerful voice.

Jerry Friel has been very low with bronchial pneumonia at the home of its parents at August siding for the past few days. Dr. N. R. Price is the attending physician.

A packed house witnessed the play "Lena Rivers" at the opera house last Saturday night. The company was a good one, in fact one of the best ever appearing here. If the order had been better the play would have been more enjoyed by the audience.

Hallowe'en Party.

A hallowe'en party was indulged in by a number of young folks at the opera house last Tuesday evening. There were fifty or sixty couples present. The costumes were grotesque and when the time came to unmask the surprises were many. Dancing and other forms of amusement were kept up until the midnight hour when refreshments, consisting of cider, chestnuts and ginger cakes, were served. The hall was appropriately decorate in fodder, pumpkins and vari-colored leaves. A flash-light photograph was taken of the merry makers.

PARTY, MARCH 8

Most Accomplished Artists on the Lyceum Stage, Opera House, Wednesday, Night, March 8th.

In the Kellogg-Haines Singing Party there is an attraction which has no superior in its particular line of work in the lyceum today. There are five in the party, three gentlemen and two ladies. Much of their program is given in elegant and appropriate costumes. Some of these numbers are the best example of wit that good musical literature has to offer. Scenes are also given in grand operas.

The chief claim that is made for this company is that they present entertaining concerts of such solid musical character and and fresh wholesome power that it is sure to captivate the musical layman, while winning admiration from the musical critic of the severest type. As some one has already said "They have discovered just what the audiences want in the musical entertainment, but their claim for recognition is in their quartette work. It is doubtful if any other mixed quartette in America can approach them in that singing and individuality and perfect blending of voices that comprises ideal quartette work. It is heard in the singing of the foremost male quartettes but is known in mixed quartettes.

Prof. Charles A. Prosser, Superintendent of the New Albany, Ind. Chautauqua says "The Kellogg-Haines Singing Party has given, in the opinion of our patrons, the greatest satisfaction of all musical organizations that have appeared at our assembly in the last four years." If necessary this whole paper could be filled with like quotations.

This is the fifth and last number of the Course.

FROST.

We are having some warm weather, the snow is going off and the farmers are glad.

Early Dilley and wife, of Marlinton were visiting in our neighborhood last week.

Mrs. B. F. Campbell, who is at the Hinton hospital is still improving.

Your paper is growing better and brighter every day and should find a place in every home regardless of politics.

A Texas editor refuses to publish obituary notices of people who in life failed to subscribe for his paper and gives this reason. People who do not take their home paper are dead any way, and their passing away has no news value.

We had the pleasure of attending a birthday dinner given by Mrs. J. C. Carey, at Huntersville Thursday last. The good woman has just past her 70th year. We hope she may live long and when she grows older, her children will follow her birthday making it a "mothers day."

BEAVER CREEK.

Miss Moss is visiting relatives on the creek.

J. H. Sanders was in Marlinton Friday.

Our school will close next Friday.

Rev. B. Underwood and wife were shopping in Huntersville Friday.

Lee and Tyler Byrne have taken a job of cutting for J. H. Sanders.

Moses Underwood went to North Fork to do some skidding.

I will ring off for this time and come again.

The snakes are out of their den. H. Underwood killed a snake measured over 3 ft. last Thursday. It was out in the field when the dog found it and fought pretty good for this time of year.

Success to the News.

Worst Be Not is Mistaken.

A Woman's Mistake may cost you more than Pennies in Marlinton this fall. Be sure that all of it consists in deciding the full success of your new suit of clothes and the overcoat you will buy of us.

Miss Pearl Kinnie was the guest of Miss Mary Fisher a few days last week.

Everett Hamill has a very painful burn on his finger. It is said that the sufferer will have received by Friday night as a result of the accident.

Rain and mist are the orders of the day with just enough sunshine and blue sky for us to be glad that we live in Pocahontas.

Our eminent lawyer, H. S. Hockenbergs was at Frost a few days last week on business.

Rev. Thomas Morgan has been visiting members of his flock congregation for quite a number of days.

Our obliging postmaster, G. E. McEwen goes to Cass this week for the transaction of some business with the Deer Creek Lumber Company.

O. O. Poling spent Monday in Marlinton. Rev. Morgan had charge of Mr. Poling's store in his absence.

J. C. Leary, our mail carrier says that ice is more dangerous than mud but that mud is certainly more disagreeable than ice.

Mrs. Birdie Tilly, the teacher of the Cedarwood school was visiting friends in this community the latter part of the week. She reports her school near the terms end.

Quite an interesting audience was present at the Literary, Friday night. From all adjoining hamlets and town, men, women and children flocked to the place of meeting for they had heard a report to the effect that the question, "Resolved that Abraham Lincoln

The debaters though inexperienced both handled the subject with an eloquence which was admired by all. The judges rendered a decision of two to one in favor of the affirmative.

Paid Proportionate Share.

A poor fellow having with difficulty procured an audience of the King of Brentania told his grace an unfortunate story, and as they were of the same trade, told some fortune of how Adam, stood he should not be refused. "Verily so," said the duke, "every one there is a place for me, and I all the rest of your relations will give me as much pay to be a rather man than I am."

Cannot Eliminate Love.

A periodical devoted to the disembodied for plots based on some emotion other than love. The difficulty in producing such plots is that every one must have a love, and to picture a man the playwright, or poet or fictionist cannot successfully abstain the sure supposed the strongest sense of a birds on one of the dead walks of journals. "He who can resist loved a woman is not a gentleman."

MILDELL.

Frank Wilson had a hand cut so badly cut last week.

C. L. Reynolds and H. H. Mace spent Sunday in Elkins.

Mr. and Mrs. W. C. Dayvault spent Wednesday in Durbin, the guests of relatives.

Vic H. C. Shumaker spent a couple days visiting in Elkins last week.

The mild weather of the past week has set down the snow to such an extent that we can actually see bare ground in some places.

Mrs. Enos Piercy left on Monday to spend a few days with relatives before moving to Pennsylvania, where Mr. Piercy has accepted a position as inspector on a hardwood mill.

An unidentified man was killed by a local freight train between here and Glady last Saturday morning. It is supposed that he had fallen asleep while sitting down to rest, and the engineer did not see him in time to stop the train before it hit him.

We regret to learn of the fire that destroyed Harry Bowden's store at Glady on Monday morning. Fires in this vicinity have been quite frequent lately. On Tuesday morning the Western Maryland water tank at Oaley burned. It does seem that this ought to change the luck.

FINE PEACHES.

Some of the finest peaches seen in this locality are on exhibit in show window of Pocahontas Jewelery Co. They were raised at Vinita, Okla., by W. B. DePue of that place who is here advertising his home city and selling lots. He reports ten lots already sold here.

Rapid Journey for That Age.

Cardinal Wolsey did not live to an age of rapid travel, but he created it for himself. His necessity for rapid travel was a splendid aid in carrying out a career. Wolsey is said to have been very rapid here in his way. He was charged with a message from Henry VII to the Emperor Maximilian in the low countries and left London at the afternoon. He went by boat to Gravesend, by horse to Dover, then by boat again to Calais, and he was with the emperor the following morning and back to the king in just over two days from the time of starting.

Live Telegraph Poles.

In Norway the telegraph poles in use are often observed take root and blossom. They are of birch and planted with the tops down. In some parts of Australia a variety that is used for the same purpose sends out branches and the telegraph wires run through the middle of the trees and in the autumn of several years.

Will Not Be Left Together.

"I and your friend have it out at last," said one of the men to another. "I'll not speak to him again."

"Then you'll not be left together," was the response.
